

ESEG advanced principles course in ovarian cancer surgery

July 25 – 26, 2025

New Delhi, India

Join us for a learning journey into cancer surgery with our ESEG advanced principles course! Over two enriching days, you'll delve into the latest advancements and techniques in the field, guided by esteemed experts and faculty members. Clinical users in gynecological oncology will benefit from the event. Don't miss this chance to expand your knowledge, refine your skills, and connect with fellow professionals!

Organizer: KLS Martin SE & Co. KG,
KLS Martin Platz 1, 78532 Tuttlingen/ Germany

Scientific chair:

Prof.
Neha Kumar
New Delhi
India

Prof.
Dominik Denschlag
Bad Homburg
Germany

Aims of the course:

- + Hands-on training:
Gain practical experience through direct training with animal models, enhancing your procedural techniques and technical skills.
- + Small group lectures:
Engage in focused, interactive learning environments that promote deeper understanding and personalized instruction.
- + Group discussions:
Participate in dynamic discussions that encourage knowledge exchange, collaboration, and critical thinking.
- + CME accreditation:
Continuing Medical Education (CME) credit points have been applied for, supporting your professional development.
